3-Port USB 3.1 Gen 1 Portable Hub, USB-C to (x3) USB-A, USB-C Charging Port & Gigabit Ethernet Port

MODEL NUMBER: **U460-003-3AG-C**

Highlights

- Supports USB 3.1 Gen 1 data transfer rates up to 5 Gbps
- Supports true 10/100/1000 Mbps Ethernet network speeds
- USB-C port connects to wall charger to power connected device
- Fits easily into backpack, briefcase or laptop bag
- Plug-and-play—no software or drivers required

Package Includes

- U460-003-3AG-C 3-Port USB 3.1 Gen 1 Portable Hub
- Owner's manual

Description

The U460-003-3AG-C 3-Port USB 3.1 Gen 1 Portable Hub's built-in USB-C cable connects to your computer, laptop or tablet's USB-C port to give you three external USB-A ports and an RJ45 Gigabit Ethernet port. Not only does this hub enable you to access true 10/100/1000 Mbps Ethernet network speeds without the hassle and expense of installing an internal Ethernet card in your device, but it allows you to connect a wide range of USB devices, such as flash drives, external hard drives, DVD drives, MP3 players and digital cameras.

The U460-003-3AG-C supports USB 3.1 Gen 1 data transfer rates up to 5 Gbps—ten times faster than USB 2.0. It's backward compatible with previous USB generations, so you can continue using older peripherals while getting maximum high-speed performance from new devices. One USB-A port supports USB Battery Charging (BC) specification v1.2 and provides up to 1.5A for fast charging of mobile devices.

The USB-C charging port supports power input up to 20V 3A (60W). It powers the device that the U460-003-3AG-C is plugged into, as well as peripherals plugged into its USB-A ports, by connecting the charging port to a USB-C wall charger.

Compact design fits easily into your backpack, briefcase or laptop bag to power USB-enabled devices wherever you are. No software or drivers are needed.

Features

Connects Up to 3 USB-A Peripherals

- Ideal for flash drives, external hard drives, DVD drives, MP3 players and digital cameras
- Supports USB 3.1 Gen 1 data transfer rates up to 5 Gbps
- Backward compatible with previous USB generations
- One port supports USB Battery Charging (BC) specification v1.2, providing up to 1.5A for fast charging of mobile devices

RJ45 Gigabit Ethernet Port

- Supports true 10/100/1000 Mbps network speeds

USB-C Port for Charging Portable Devices

- Supports power input up to 20V 3A (60W)
- Connects to USB-C wall charger to power connected devices

Compact Design

- Fits easily into your backpack, briefcase or laptop bag
- Built-in USB-C cable is perfect for travel
- Plug-and-play—no software or drivers required

Specifications

ENVIRONMENTAL	
Storage Temperature Range	14 TO 167 F (-10 TO 75 C)
Relative Humidity	0% TO 85%
Operating Temperature	32 TO 122 F (0 TO 50 C)

CONNECTIONS	
Ports	5
Side A - Connector 1	USB C (MALE)
Side B - Connector 1	(3) USB 3.0 A (FEMALE)
Side B - Connector 2	RJ45 (FEMALE)
Side B - Connector 3	USB C (FEMALE)

WARRANTY	
Product Warranty Period (Worldwide)	1-year limited warranty
